

Drawing Prices and Ordering

Initially we are able to offer only A4 and A3 copies of the drawings, while we investigate the best means of providing larger prints at reasonable cost. In addition we are able to supply copies of the digital files (tiff format) on CD that can be viewed on computer. Please note that most of the images (about half) are on microfiche and have yet to be digitised.

The initial UK prices for copies are given below. For Overseas postage please contact the Drawing Officer.
