

Gauge 1 locomotives

Locomotives

Item	Supplier	Notes
Improved Precedent 2-4-0	Aster	Live steam
Liverpool and Manchester Railway 0-4-2 Lion	Aster	Live steam
Crewe type 2-4-0 kit	Old Originals	Etched kit
Crewe type 2-4-0T kit	Old Originals	Etched kit
Chopper 2-4-0T	Old Originals	John Dale completed the artwork for an etched Chopper 2-4-0T, but it was never put into production and whereabouts of the tooling is unknown. It may yet turn up!
Coal Tank 0-6-2T	ACME	originally designed by Tim Hughes and passed through ACME to Prestige Models (Keith Sutton), but not marketed at present (2023)since.
Precursor Tank 4-4-2T	Walsall Model Industries	etched kit, originally from Barry Jones at Modellers World.
5ft 6in 2-4-2T	Walsall Model Industries	An ex-Barry Jones design enlarged to Gauge 1.
Coal Tank 0-6-2T	Walsall Model Industries	Etched brass kit.
Ramsbottom 0-4-0ST	Walsall Model Industries	Etched brass kit designed by John Dale.
Precursor 4-4-0	Walsall Model Industries	Etched brass kit.
George the Fifth 4-4-0	Walsall Model Industries	Etched brass kit.
Experiment 4-6-0	Walsall Model Industries	Etched brass kit.
19in 4-6-0	Walsall Model Industries	Etched brass kit.
Prince of Wales 4-6-0	Walsall Model Industries	Etched brass kit.
Claughton 4-6-0	Walsall Model Industries	Etched brass kit.
G2 0-8-0	Walsall Model Industries	Etched brass kit.
Railmotor	Recreation 21	solid printed body sold through Shapeways
Ramsbottom 0-4-0ST	Laurie Griffin	A Dick Bollen design in 7mm, enlarged by Laurie Griffin
Various early locos	David Viewing	Various early types entirely solid printed
Prince of Wales 4-6-0	Just the Ticket	Live steam. Plans and castings. A Paul Forsythe design
Prince of Wales 4-6-0	Model Engineers Laser	Live steam. Plans.
Improved Precedent 2-4-0	Model Engineers Laser	Live steam. Plans for 'Mabel', designed by LBSC
Superheated 4-6-2T	G1MRA	Live steam. Drawings available for this Paul Forsythe design

The following live steam locomotives were made by professionals in batches and do appear on the secondhand market:

Prince of Wales 4-6-0	Tom Barratt	Built in batches in the 1990s, based on the G1MRA meths fired project design
19in Goods 4-6-0	Tom Barratt	Built in batches in the 1990s, based on the G1MRA meths fired project design
5ft 6in 2-4-2T	Harold Denyer (HB Models)	A small batch believed to have been built c2000

A John Dale designed Crewe type 2-2-2 has been seen and described as an Old Originals kit. Whilst that is true, it was never put into production and only one was ever built.

Gauge 1 carriages

Carriages

Item	Supplier	Notes
1850s 4-wheeled Third	Walsall Model Industries	Designed by Old originals, an etched kit which was pssed to Mercian Models, now with Walsall Model Industries
1850s First/Second Composite	Walsall Model Industries	Designed by Old originals, an etched kit which was pssed to Mercian Models, now with Walsall Model Industries
14ft 6in horsebox	Walsall Model Industries	Designed by Old originals, an etched kit which was pssed to Mercian Models, now with Walsall Model Industries
21ft break van	Walsall Model Industries	Designed by Old originals, an etched kit which was pssed to Mercian Models, now with Walsall Model Industries
4-wheeled Inspection Saloon	Prestige Models	Design by Old Originals, an etched kit later passed to Prestige Models (Keith Sutton)
24ft Third	Walsall Model Industries	Originally a Mercian models kit, now with Walsall Model Industries
21ft Horsebox	Walsall Model Industries	Originally a Mercian models kit, now with Walsall Model Industries
D377 50ft Brake Van	Just the Ticket	Etched kit

25ft 4-door sausage van	Walsall Model Industries	Etched kit
30ft 1in Third	Walsall Model Industries	Etched kit
30ft 1in Brake Third (Guard at end)	Walsall Model Industries	Etched kit
30ft 1in full Brake	Walsall Model Industries	Etched kit
30ft 1in Centre Brake Third	Walsall Model Industries	Etched kit
30ft 1in Picnic Saloon	Walsall Model Industries	Etched kit
6-wheeled T.P.O. Sorting van body	Walsall Model Industries	Etched kit
42ft Brake Third	Walsall Model Industries	Etched kit
42ft Lavatory Third	Walsall Model Industries	Etched kit
42ft Lavatory Composite	Walsall Model Industries	Etched kit
WCJS D95 42ft T.P.O.	Walsall Model Industries	Etched kit
WCJS D97 42ft T.P.O.	Walsall Model Industries	Etched kit
50ft Corridor Brake Third	Walsall Model Industries	Etched kit
50ft Third	Walsall Model Industries	Etched kit
60ft 2in 10-compartment Third	Walsall Model Industries	Etched kit
Complete LNWR Royal Train	Golden Age Models	This was advertised with a photograph of one coach, but did they ever make it?
M12 Push Pull composite saloon	Recreation21	Solid printed body, available through Shapeways
Recreation21 also offer several different carriages for motor trains through Shapeways		
D297 30' 1" Third	West Coast Models	Etched kit
D361 30' 1" Brake Third	West Coast Models	Etched kit
D385 30' 1" Full Brake	West Coast Models	Etched kit
D85 30' 1" Picnic Saloon	West Coast Models	Etched kit
D160 42' Bogie Composite	West Coast Models	Etched kit
D292 42' Bogie 7 Compartment Third	West Coast Models	Etched kit
D354 42' Bogie Brake Third	West Coast Models	Etched kit
D105 42' Bogie Lavatory First	West Coast Models	Etched kit
David Viewing has designed solid printed early carriages available through Shapeways		

Gauge 1 wagons

Wagons

Item	Supplier	Notes
D2 2-plank open wagon body kit	Pre Grouping Railways	Solid printed
D43 Gunpowder van	Pre Grouping Railways	Solid printed
D12 Singe timber wagon	Pre Grouping Railways	Solid printed
15ft 6in hopper wagon	Walsall Model Industries	An etched kit, originally produced by Mercian Models

George Dawson produced etched kits for several LNWR wagons in 7mm scale, which Keith Sutton enlarged to Gauge 1 but never put into production. The tooling still exists and they ay well appear soon. and may be used one day, so look out for them!
